“ I'm going to miss Uncle Jim, my fondest memory's were family get togethers and potlucks, he would always bring out his guitar, fiddle, banjo or what ever instrument he wanted , he could play them all, and every one would join in with him, Jim had a talent that is gone now, I'm really going to miss that, he had a way of making everyone feel welcome and part of the family. LOVE YOU JIM, "Steve Emil"

“ The world got a little quieter on the 31st. I will miss Jim's laughter, his stories, his music. He was a special man. Though I was never very good, he always encouraged me to play my accordion.He found beauty and joy in all types of music, even the atrociously bad.

“ *My fondest memory with Jim is, traveling to music jams. On the road going there and coming back home, he would tell me stories about his childhood days, playing music and how much he enjoyed his family. Sometimes he would give me a history lesson on the Yakima Valley. He loved his family, and friends were very important to him. He has made a big difference in my life and I will miss him very much.
