“ i cant believe you are gone. I have thought about you often after graduation. I recall all the times you showed up to school at PACE always with a smile on your face even if your day was not going so well you still smiled and carried on your day. You were always polite and kind to all who you came in contact with.. the excitement in your voice and on your face when graduation came around was amazing! I will always remember when I gave you that PACE t - shirt made just for you... haha ! I knew you didn't believe I would have it made but I told you when you graduated I would have that t-shirt waiting for you. Needless to say the tremendous sadness we here at PACE felt over your loss... Fly high with you amazing spirit!
