“ *Bessie Lou was my Mother in-law for 38 years. She taught me many things about sewing, cooking, and life in general. She had a great sense of humor and said what was on her mind. She didn't "beat around the bush". I will miss her lovely smile and her straight forward attitude. When I traveled to Washington State I always dropped by her house and visited. This was an annual event and I looked forward to it. She loved her native culture and I know she is with her family now. I love you Bessie.*

“ *You could always count on Mike and Aunt Bessie to make it to all the family get togethers. Family meant everything to Bessie. We will always remember her beautiful laugh and how much fun her and Mike were to be around. Gary and Karen Young*
