“ *Betty Weiss was a fun, happy-go-lucky lady with a big heart. She and my mom were classmates.*

Whenever she came to the pharmacy, Betty enjoyed a light conversation. The topic... my mom... of course! She wanted me to tell mom to call her. The messages were delivered. Phone calls were issued. The duo enjoyed their phone “buddy” relationship.

Betty liked eating at the Soda Fountain so before it closed ... I enjoyed a visit or two from her. Those were fond memories!
