“ My condolences to Dale's family, whom he spoke of often. I knew Dale for several years, a veteran, a warrior and a credit to the country he served. Dale always had a smile, a laugh and a joke to share with just about everyone he met. A gentleman of good moral standing, well behaved and an honor to have known. Until we meet again my FRIEND.##imported-begin##Robert S. Vasquez##imported-end##

“ *My condolences to the family & relatives of Dale. Appreciated the friendly smile of Dale, even in the condition I sometimes came across when he was in Toppenish. He would sometimes share a memory or two & then wish me well on my way, sometimes reminding me of days gone by at Satus. Prayers to the family for comfort, strength, & healing in days to come.*
