“ My brother loved his pets, from a great Dane to rabbits and hamsters. He even had squirrels from our family camping trips. Miss those times, always have fond memories. And will always feel him patting me on the head. I love you brother and missing you everyday.

“ My big brother we were only a year apart of each other. You really enjoyed picking on me, but I guess that's what big brothers do. But you were always there for me when I needed you the most. I will miss you dearly. But I will always carry you in my heart and the memories that we had together. I know that you are at peace now - no more pain or suffering. God is with you guiding you on your new journey with him. I know that you are at peace and with our Heavenly Father. I will always be with you. Love You so much.

“ Dear brother we will miss you deeply. Memories of growing up ,when snowed you tied Rex your great Dane to the sled and had him pull me. Remembering how much you loved your rabbits,hamster, and wild squirrel you bring home from our family camping trips. Putting my kitties head in your mouth, I never unsold why you liked putting drivers in your mouth, I guess because you could. So many memories. I love you and will miss you so much. Rest in peace my brother David, no more pain. May God be with you through your journey.
