“ *DeMolay! You will be missed Dad Advisor Extraordinaire. Condolences to your family. Until the day we meet in the Grandest Lodge of All...*

“ *I met Dave thru De Molay in about 1976 or 77. With Joe Hiner, Mark Rentschler, Todd Lunning, Roby Myles, Scott Sheets, Mike Gordy, Hugh Hosman, Mike Mc Farland, John Collins, Scott Dekker, Brian Johnson, (if I left someone out its not intentional it poor memory) he was our Dad Advisor but beyond that he took a sincere legitimate interest in us outside of De Molay. He endured a lot of stuff from us, but he took it in stride and I dont think it ever got the better of him, a testament to his graciousness and wisdom. I would see him at other places and times, and I always felt like we had just parted only days before. Just a few years ago we reconnected thru the Masonry when I joined the same lodge he was in. It was great to sit in lodge together, and I wish I had had more chances to do so. Dave, we may have only shared certain circles and times and places but you will always be remembered well. Welcome to that temple not made with hands. Mike Sutton.*
