“ I had the fantastic pleasure of working with Debbie at Memorial’s infusion care. She was dedicated to her patients and the care she provided to them. Our time working together was short lived, but I appreciated her wit, dedication, and passion that she brought with her. Her spirit is definitely missed at OIC.

“ I went to highschool and had the honor of working with Debbie for many years on 2E/W. She was awesome. Her sense of humor was contagious. She was focused and confident and definitely didnt put up with BS. She touched so many hearts. She was loved and she will be dearly missed.

“ Debbie was my dear friend and coworker since 1992. In our younger we took country line dance lessons with another friend and would go out on some weekends to show off our talent. So much fun. Debbie cared deeply for her patients with compassion and information for them and their families. She was a advocate for many. She loved being a nurse and helping others. We kept touch thru the years and always went out to lunch for each each birthday every year and caught up on things. She loved her family and was very close to her mom.
My tears fall as I reminisce, but when they fade away in time. My memories of my friend will always be with me. Debbie will truly be missed.

“ I started working with Debbie back in 2004. She was a fantastic nurse and very no none sense . I must admit I was a little scared of her at first. I soon found that she was just a big softy! I am deeply saddened to hear of her passing. She was funny and kind and such a hard worker and wicked smart. Rest easy Debbie!
