“ I know Delbert the best as he worked with me learning to fall trees in the Old Maids Canyon in the 70's. He had a tough time during his high School years and even dropped out of School but Furman Wheeler who I graduated with in 1955 had an important part to play in his life, he told me several time.. I remember talking to Delbert and Jerry Spencer who I know very well about going into business themselves, for they had many privileges no one else had, in not having to pay taxes. I left for the minister in 1982 and sure enough both of them went into logging separately and both were very successful. Jerry passed away when I was in Onalaska, WA and Delbert grew in financial ability to begin even more enterprises to where he is today.

I pray for you Tina and all your sons and daughters, that what Delbert began will continue to bless our area with Delbert's spirit of giving. You have all been passed on with a tremendous joy of finances and may you all work together, so what was gained I trust will continue to be a blessing and all is not lost.

As a minister one of the areas that happens so often; is people want what they think should be coming to them and I trust Delbert left you with a will that benefits you all and what has been gained with further see more gain.

I know that God is able to continue to bless you all; as you accept the fact God created you and wants you to accept Him and abide in Him, so you will all be full of grace and mercy toward one another as a family.

We here in White Swan School District are seeing a breakdown in families and I pray your family will be united, so nothing destroys what Delbert left you all with.

Thank you again for the memories Delbert and I pray that all is well with your family.

“ Gotta send out condolences and prayers for comfort for friends and family left behind. Must take this time to offer some fine memories of this man. Delbert was very supportive when there were losses in our family. I must say that all our interactions were of a positive and good nature. Lastly, how many fond Christmas memories did he and his family make for our Valley Children? Pass in a good way, Delbert.
