Dad was born July 15th, 1927 to Joe and Mable Dean and died March 8th, 2023. He lived most of his life in Toppenish, graduating in 1947 from Toppenish High School.

He met our mom at the duck pond ice skating. Dad and mom were married December 22, 1950. Dad worked for Stoops Construction, Huylar Construction and retired from Wapato School District in 1989. After retirement dad spent a lot of time fishing (while mom was still working) at the Wind River. After mom retired, they both enjoyed traveling in their motor home.

“ *Pudge and my dad Fred Stoops were lifelong friends and spouses of first cousins Rosemary and Mary Lou who all met on that fateful night at the duckpond. Overcoming challenging aspects of his childhood, Pudge was an absolutely amazing, loving and generous man. Devoted husband, father, grandfather and the best friend you could ever have. Hearing the unique timber of his voice would always bring a smile to my face and then he would invariably add wisdom and dry humor to the discussion. I remember him as a fantastic carpenter, always with a stub of an unlit cigar out of the side of his mouth. He was the most devoted outdoorsman I have ever known. I have childhood memories of Pudge and dad returning from early morning hunts with birds and then later dad and I would visit his deer hunting camp on Satus and of course his smoked steelhead. His love for rescued pets was such a clear representation of the kind, generous and loving man he was. I feel blessed to have known him.*
