“ *Judy Calahan- please forgive me if I have you mixed up with another lady! I believe you came into the pharmacy and presented me with a hand crafted gift. It was beautiful. So much, I regifted it to a grand niece. When later , you asked about this gift... I told you what I had done. I am so sorry that I accidentally hurt your feelings and for that I am ashamed. I did not mean for you to be sad. I had hoped you would be happy that my young niece loved this doll. Rest in peace, Judy. I hope the good Lord has placed you in his loving arms. Yes, you deserved to be loved and accepted by all.
