“ Kelsey, first of all condolences to your family and friends with much love. My friend, I didn't fully get a chance to really get to know you very well but, the memories that play in my mind of me saying "good morning, how are You?" And you saying: "it's not a good morning" because you were tired. Then we both had a laugh. You seemed like a really awesome lady. I enjoyed our conversations. I pray you and your family has peace and love during this time. It was a pleasure working with you at Hahn. ~Ben Lantz

PO

Kelsey,

Thanks for standing up for Dennan and not letting what was happening to him just go.... You stood up for what was right to protect my son.... I am just so sorry we didn't realize until now you weren't just friends but rather cousins through his father.... I will NEVER forget what you did for Dennan, as his mom words can't express my gratitude.... love you kiddo

“ When I worked with Kelsey, she would come to work 20 minutes early so we could play PokemonGO before she would start her shift. She was always so excited to catch new Pokemon and especially excited when we would capture the gym by our work. She would come and drag me out of the salon, whether I wanted to go or not 😭, and we would walk around the parking lot, hitting all the PokeStops. It was always a fun morning when she was working. I didn't work with her long but that memory will always stay with me.
