“ My Son was a blessing to his family and his friends, he touched each one of us differently and I know he will always be with us in our hearts and memories as long as we live. He was an angel to some, but, a nightmare to others. My Son left us so quickly, before any of us knew what happen. Peacefully, may he rest, no longer in pain. Those of us that got to know him, I want you to know he loved you deeply, and truly cared about you even though he may not have said it, he let you know by just being in your life. He always, was watching and trying to protect the ones he loved, a night person he was, as silent as a light breeze, but, as strong as he needed to be. To his friends, I want to thank you for being loyal and caring for him when he needed a break from his family. To his family he left behind, I want to thank you with all of my heart for the support, love and patience that it took to get him to love you with all of his heart. He loved his family, and you all know how much my Son loved each and every person he spent time with, it was my honor to share my son with all of you. To his sisters and brother's he loved you the most, because you were there for him. To all the women he loved, Thank You, for being a part of his life, especially M.A. as she was always there for almost 20 years of his life. Last but, not least, To his father, Thank You, for giving me a Son, I named after you. We both know, he was a momma's boy, and never left my side for too long, that is what I will miss the most about him. Llewellyn Kim Lucei Jr. Rest in Peace my Son. Love. Mom.
