“ Mike and I became friends in middle school, and always remained friends, I will miss Mike. I'm so glad I was able to have Mike over and then later Mike came over with his youngest son Miko for swimming and Mike insisted on running the BB-q, making great carne asada and burgers at my house followed by Mikes' 'magic' for my family, my three daughters absolutely loved his magic. Mike also performed his magic for Adios Counseling and Consultation Services my jobs' Christmas party and every loved his magic A few year ago we hired Mike to get my daughters scholarships through his P.A.C.E. Education Services which gave us access to him on a weekly basis for some time and he never failed to bring a few magic tricks. We spent time out on dinners and would talk about our faith(s) and beliefs. Mike had a great insight into Bible and loved God, loved sharing of his seminar school and preaching days. Mike would shared some of his funniest times while he attending bible School. I still remember when he called me and we got together for his summon ideals he was giving for Father's day. Mike will be missed, but I believe we will see him again in heaven.. Prayers for his family and loved ones.

“ *I went to school with Mike. We were family friends as he hung out with my brother. I had the opportunity to often talk with Mike and his love for his son and his family. We had a great time discussing the Seahawks success and some of their struggles. He volunteered at the Elementary school and attended many of the school events. He was very dedicated and often said that he was making memories! He had a great sense of humor with a distinctive laugh. I will miss that.*

Mike will be missed.

My thoughts and prayers go out to each family member. Miko, always know that we are all here for you.
