“ I met Pat in the 80's when we worked at the same firm. When meeting Pat for the first time, you are immediately drawn to her sweet smile, wonderful laughter and sense of humor.

We had many fun times over the years. Lunches spent walking to Nordstroms to see what was on sale at the jewelry counter or fun and laughter for lunch at the Red Lobster. Dinners out with friends to enjoy much chatter and laughter were always welcomed. I cherished my visits to her home where she was often busy tending to her yard and garden or playing with the pets she treated like her children who were showered with her love and attention.

To Pat's family and friends, I send my love and deepest condolences.

Pat I will love and cherish you forever, my friend. This is not goodbye but until we meet again.

“ I first met Pat back in the early 80's when we worked at a law firm together. We became friends immediately and that friendship lasts to this day. Pat is one of the kindest people I have ever known. She was never quick to judge and always quick to forgive when others judged her. She was so blessed to have her husband Stu and her daughter Lisa by her side during the good times and the bad times. I will never forget her. See you again one day my dear friend.
