“ *Hi. I'm Brady Heath, the youngest of the boys. I have had a lot of great memories with my dad, really great ones. I will always miss him until the end of time. The greatest memory I have ever had with him was when we went fishing up in lansing, IA on the great Mississippi. Me and him always loved fishing and also playing guitar on our own time. Another memory I had with him was when we played guitar in our living room together. He played electric and I played acoustic. We always loved doing these things together, sometimes I wish I had more memories to cherish with him. I love and miss him so very much and will always remember the great times me and him had.*
